“Everything that is Good and Hardy”

PRICE LIST TO THE TRADE

THE COLE NURSERY COMPANY

52 YEARS AT
PAINESVILLE, OHIO

FALL
1933

WE HAVE ADVANCED PRICES IN ONLY A FEW CASES
THE TREND IS UNDOUBTEDLY MUCH HIGHER
WE PREDICT HIGHER PRICES THROUGHOUT THE LIST
BY SPRING 1934
SECURE YOUR SUPPLY NOW AND SAVE

Our Suggestion for 1933

**SELECT YOUR SOURCE OF NURSERY PLANTS WITH
EXTREME CARE**

Probably more than ever it is necessary during this year to buy *Live Nursery Plants from a Dependable Nursery*. The nurseryman dares not curtail expenses by neglecting the care of his plantations. Such neglect for even one year will invite disease, unshapely growth and other troubles.

We assure you that we are maintaining the necessary trimming, cultivating, spraying and root pruning, and as for 52 years past you are in this year 1933 *Perfectly Safe* in purchasing

"Everything That's Good and Hardy"

We invite you to come and inspect our plant—we know we will gain your approval.

RESPONSIBILITY

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

TERMS

Five per cent off for cash before shipment on purchases at prices listed herein. Be certain to add enough extra to cover packing. This will eliminate C. O. D. costs. Over-payments will be returned promptly.

To parties having satisfactory credit arrangement or account with us, two per cent ten days, thirty days net.

No claims for rejections or deficiencies will be entertained unless made within ten days after arrival of goods.

Five to twenty-five of one variety and size will be furnished at the ten rate; 25 to 250 at the hundred rate; 250 or more at the thousand rate.

10 rate applies to 5 or more of one variety. 100 rate applies to 25 or more of one variety. 1000 rate applies to 250 or more of one variety.

GRADING

For simplicity we mention in many cases the minimum size only. However, it is our purpose and custom to include all plants up to the next larger size.

	Each	Per 10	Per 100

ROSES

We add a number of thoroughly tested roses to our collection each year and at the same time eliminate a few of the least worth-while.

We endeavor to always have a very high class collection to meet all needs. (See Pages 57 to 62.)

Our list is quite complete in this class of material, but the demand is so varied and the range so vast that we cannot grow all known hardy perennials. We can, because of our connections with collectors and growers throughout the land, supply practically any and all plants needed for landscape planting. Let us have your list of wants.

Cole's Peony Collection comprises two hundred and fifty (250) varieties. By continual study and observation we have procured this enviable collection. We continually stress quality, and with this in mind we eliminate each year ten to fifteen of the least desirous varieties and add as many new ones for testing. You can see you will be sure of receiving a worthwhile variety—no matter which one you order.

Disease-free plants are necessary for continued bloom and success. Cole does not hesitate to discard any plant showing the slightest sign of disease.

Let us quote you on any varieties required.
